

March 13, 2020

Dear Valued Stakeholder

ADH CLUB CAR 2020 Western Australian Golf Industry Gala Dinner

As you are aware, COVID-19 or the Coronavirus as it is more commonly known, has created global health concerns regarding the disease and its infection rates. And today there have been significant announcements from the Federal Government advising against all non-essential mass gatherings of more than 500 people as of Monday, March 16, 2020.

As a result of this announcement, the venue for our Gala Dinner, Perth Convention and Exhibition Centre, contacted me this afternoon to advise that they would be closing their doors for an initial period of 7 days and thus our Gala Dinner planned for Friday March 20 will not be able to proceed.

Whilst this is very disappointing for the Golf Industry and all those that would have attended next Friday night, the health of the general public must come first and thus we appreciate and respect the decision that PCEC has made.

No doubt in coming weeks, the Gala Dinner Organising Committee will have discussions with PCEC as to a potential alternative date but clearly this decision will depend very much on the progress of the Coronavirus and future Government advice. Naturally as we become aware of developments in regard to the ADH Club Car Gala Dinner, we will keep you informed.

I thank you for your committed support of this year's event and hope that we will be able to hold it in the not too distant future.

Yours sincerely

Gary Thomas
Chairman – Organising Committee
